⚙️ Hands-On Environment Setup

📦 Required Software

✓ Python 3.9+	✓ PyTorch 2.0
✓ Transformers 4.30	✓ Docker Desktop
✓ CUDA 11.8+ (GPU)	✓ Jupyter Notebook

```
# Installation Commands pip install torch transformers datasets pip install huggingface_hub
accelerate pip install pandas numpy scikit-learn pip install jupyter notebook # Verify
Installation python -c "import torch; print(torch.cuda.is_available())"
```
