Security Architecture

⊕ **Network Security** Firewall, VPN, DDoS Protection

▣ **Application Security** Authentication/Authorization, API Security

Security Certification

⌂ **Data Security** Encryption, Access Control

🔒 Compliance
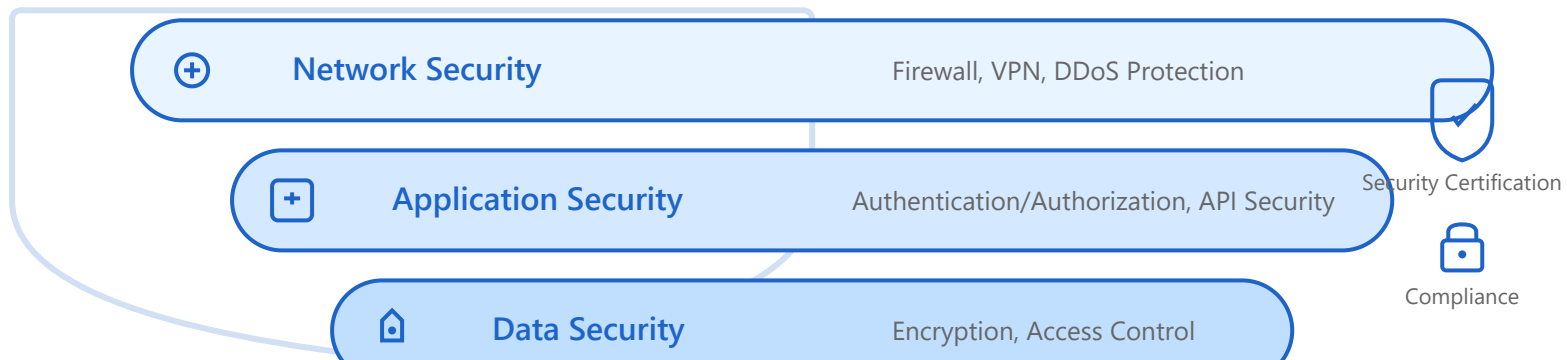

Security Layers

- Network Security (Firewall, VPN)
- Application Security (Authentication/Authorization)
- Data Security (Encryption)

Threat Model

- SQL Injection Prevention
- XSS/CSRF Attack Prevention
- Data Breach Prevention

Access Control

- Role-Based Access Control (RBAC)
- Multi-Factor Authentication (MFA)

Compliance

- HIPAA Compliance
- GDPR Compliance

- Audit Logging

- Data Protection Policy
